Create An Account In Sendgrid:

The screenshot shows a web browser window with multiple tabs open. The active tab is 'app.sendgrid.com/guide'. The page displays a welcome message to 'ganesan Shanmug' and provides instructions on how to get up and running quickly. A prominent blue banner reads 'Send your first emails with Twilio SendGrid'. Below this, the section 'Create a sender identity' explains that a sender identity is the 'from' email address recipients will see. It offers two ways to create a sender identity: 'Create a Single Sender' (highlighted with a blue button) and 'Authenticate a domain instead'. An illustration shows an email header with 'Your Business' as the sender and 'jane.doe@your_business.com' as the email address. At the bottom, a section titled 'Send your first email' includes a note: 'Please create a sender identity before sending your email'.
