PROJECT NAME	Inventory Management System for Retailers

Create an Account in Sendgrid:

The screenshot shows a web browser window with the URL `app.sendgrid.com/settings/sender_auth/senders`. The browser's address bar and tabs are visible at the top. The page content is divided into a left sidebar and a main area. The sidebar contains a 'Marketing' section with a dropdown arrow, followed by 'Design Library', 'Stats', 'Activity', 'Suppressions', and 'Settings' (which is expanded). Under 'Settings', there is a list of options: 'Account Details', 'Alert Settings', 'API Keys', 'Inbound Parse', 'IP Access Management', 'IP Addresses', 'Mail Settings', 'Sender Authentication' (highlighted in blue), 'Subuser Management', and 'Teammates'. The main area displays a configuration for a sender named 'SETHU'. It includes a 'FROM' field with the email 'sethumadhavan2002@gmail.com' and a 'REPLY' field with 'sirajkathi@gmail.com'. To the right of these fields is the text 'valliammai engineering college chennai, 600 023 IND'. Further right is the name 'MADDY' and a green checkmark icon. A vertical ellipsis menu is on the far right of the configuration row. At the bottom of the screen, a Windows taskbar is visible, showing the system clock as 17:10 on 19-11-2022, the language as 'ENG IN', and the weather as '26°C Mostly cloudy'.
