

Implementing Web Application

Team ID	PNT2022TMID21703
Project Name	Inventory Management System for Retailers

TASK

➤ **Create UI to interact with application**

- Registration Page
- Login Page
- Display items in the Dashboard
- Adding items
- Test it

➤ **Create IBM DB2 and connect with Node.js**

Create UI to interact with application

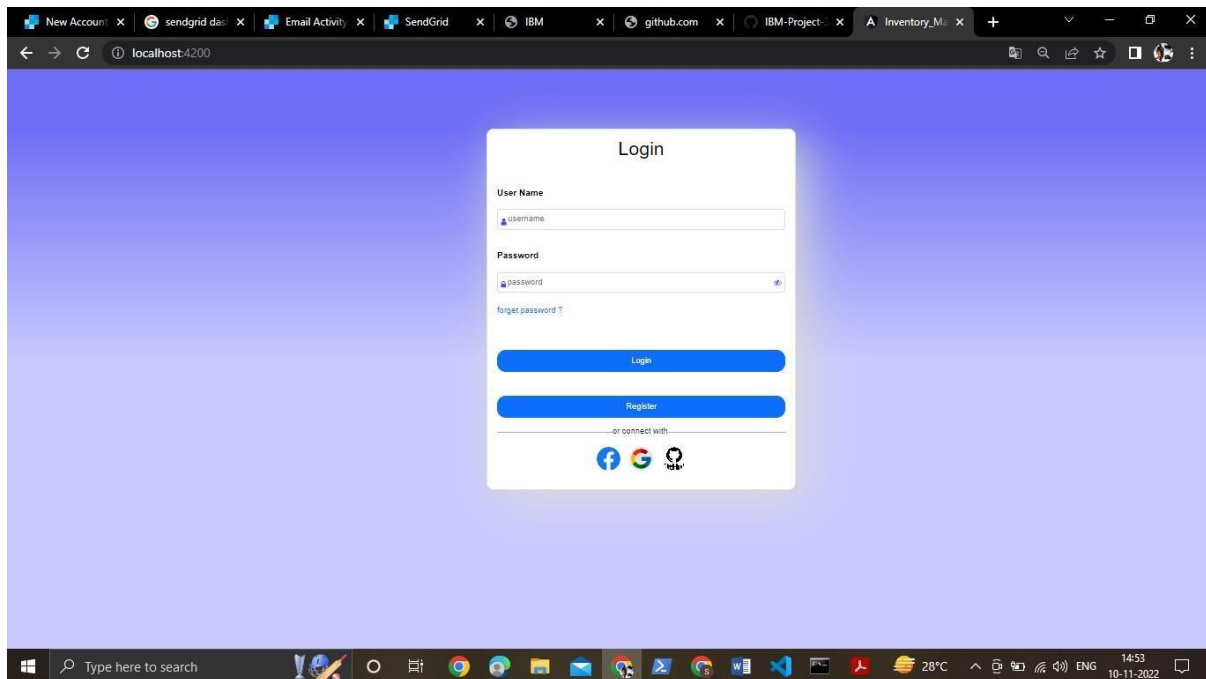

Registration Page

The screenshot displays a web browser window with the address bar showing 'localhost:4200/signup'. The page features a 'Create New Account' form with the following elements:

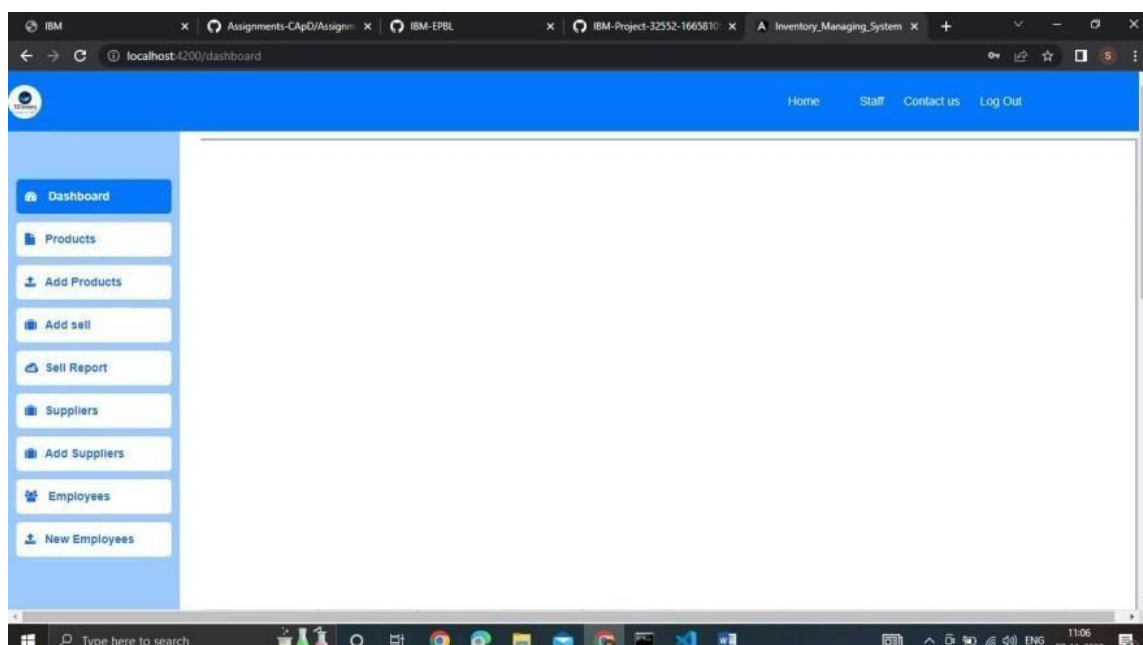

- User Name:** A text input field with a user icon on the left.
- Email:** A text input field with an email icon on the left.
- Password:** A text input field with a password icon on the left.
- Buttons:** A blue 'Register' button, a blue 'Login' button, and a link 'Already Have an Account'.

The browser's taskbar at the bottom shows various application icons, including Chrome, Edge, and File Explorer, along with system information like '28°C' and '10-11-2022'.
